Dear Parents and Carers,

Re: Police Information Share – 'Cannabis Edibles' and Online Safety - ECC

Plume, Maldon's Community Academy are always working closely with external providers and services to ensure we offer all stakeholders the opportunities, information and resources that are available to them from other wider community services.

Most recently we have been contacted by Essex Police, requesting we inform parents and carers of the need to be aware regarding 'cannabis edibles' and the growing availability of these dangerous items. Please see below the link to Essex Police's guidance;

<https://www.essex.police.uk/police-forces/essex-police/areas/essex-police/campaigns/campaigns/2022/cannabis-edibles/>

Furthermore, we have had a detailed summary sent through from Essex County Council outlining their advice and guidance on Online Safety this Summer which I have uploaded to the academy's safeguarding page under the activities tab:

<https://www.plume.essex.sch.uk/safeguarding>

We hope you find this article and website useful and please use as you feel appropriate.

Yours sincerely,

Mr A Stoneman
Vice Principal and
Designated Safeguarding Lead
